

GEEKFEST 2019 HIGHLIGHTS SCHEDULE

COSPLAY

The Cosplay arena is going to be one that is super-sized this year, with events across all levels, so you can either take a beginner's bite-sized chunk or make a masterful meal of this imagination-busting sub-culture. There will be four competition categories, namely:

- **Junior** – Open to all entrants who will be under the age of 15 at the time of GeekFest. In order to qualify, at least 50% of their costume must be hand crafted.
- **Beginner to Genin** – Open to newbies who are interested in breaking into the cosplay universe. This includes first time entrants or those who have very little experience. In order to qualify, at least 50% of their costume must be hand crafted.
- **Intermediate-Chuunin** – Open to those slightly more experienced cosplayers who have taken part in these kinds of competitions before. In order to qualify, at least 75% of their costume must be hand crafted.
- **Masters-Kage** – Open to the semi-professional and professional cosplayers – those who live and breathe the sub-culture and have placed at major competitions before. In order to qualify, at least 90% of their costume must be hand crafted.

Each of the above categories will have a first, second and third place winner with fantastic sponsored prizes up for grabs.

In partnership with the [Rush](#) esports event there will also be a Vodacom 4U sponsored Fortnite- inspired category. The winner of the Vodacom 4U Fortnite cosplay will walk away with R10,000!
